Brief Report on
DON'T USE PLASTIC BAGS – CONSERVE THE ECOLOGY

Use of plastic bags is growing in India as in every developing country. At groceries shops and in every homes plastic bags are widely used. One time use of plastic material of less than 50 micron is damaging the environment because of which the Government has banned the use of plastic bags. The JITS felt that this message of avoiding plastic bags must go across the people of every status. Hence, an **Awareness Program of avoiding the plastic bags** is organized on **04-10-2019**. This Session is addressed by **Dr. Bharath Reddy**, Physician, and a Member of Local Lions Club. He has explained the evils of use of plastic package material. He said that plastic bags (i) pollute not only our water but also our land, (ii) do not degrade, (iii) are toxic, (iv) are harmful to wild life and marine life. He has impressed the students about ills of use of plastic bags. To spread this Message, the NSS volunteers have distributed cloth bags among the people in the town. This Session was attended by **120 students** because the NSS volunteers motivated their class mates.

The use of plastic should be banned

Lions club president Ravinder said the use of plastic should be banned. The Lions Club, Jayamukhi Engineering College, under the auspices of the National Service Scheme (NSS) organized a special function on Friday at a local guest house to ban plastics. On this occasion, he said, instead of plastic, paper Bags are advised to be used. The students then rallied in town and explained to the shop owners the devastation caused by the use of plastic. NSS Coordinator Satish, Lions Club Secretary Sanath Kumar, Cancer Prevention District Secretary Dr Bharat Reddy , students and teachers were present on the occasion.
