The department of Electronics and Communication Engineering is organizing a one week workshop on "CIRCUIT SIMULATION & LAYOUT DESIGN" for II year students from 12th March 2018 to 16th March 2018. So all the II ECE students has to attend this session in e-Classroom and hereby informed to utilize this opportunity.

HOD -ECE

Eligibility:

The program is open to the all students of Electronics & Communication Engineering courses at undergraduate and post graduate level are welcome.

Registration Details:

- Students 100/-

How to Register:

The participants may log on to the website: www.jits.in and fill up the application form selecting the name of the course you may also send scanned copy of your filled application form Application format may be downloaded from the website(also available in this Boucher) . you can pay the fee through **google/ phone pay: 9618336977**

About JITS Narsampet

Jayamukhi Institute of Technological Sciences, Narsampet Sponsored by the Jayamukhi Educational Society, the Jayamukhi Institute of Technological Sciences came into being in 2001 to provide quality and contemporary education with social relevance in the engineering faculty with an ultimate vision to maintain global standards in higher learning and research. The Institute has the approval of AICTE and recognized by the Government of Telangana. It is permanently affiliated to Jawaharlal Nehru Technological University (JNTU), Hyderabad, UGC Autonomous & accredited by NBA.

The Institute has come upon 40 acres of green pastures in Narsampet, about 30km away from the historic city of Warangal and presents a picturesque and panoramic view. JITS offers a four-year B.Tech. programme in the disciplines of CSE, ECE, EEE, CIVIL and ME.

Department of ECE

Department of Electronics and Communication Engineering has set vision "To be a premier department for education in Electronics and Communication Engineering in state of Telangana, moulding students into professional engineers". The department imparts state of the art education and encourages cutting edge research. It offers UG program, PG programs in VLSI and ES. Well equipped Laboratories have been facilitated for the Students, research Scholars and the 50 Lakhs of funds generated from AICTE under various schemes like MODROBS, FDPs, STTPs. Received TEQIP-III fund from JNTU Hyderabad.

Established two laboratories namely Internet of Things(IoT) and Robotics sponsored by Texas Instruments USA.

About the Workshop:

Over the years circuit board manufacturing has continued to grow in order to keep up with the increasing demands of newer, faster, and more complex electronic circuitry. How a PCB is created for it to do what is required is a subject that could fill a library, but we will give you the basics of what it takes to design a printed circuit board here.

PCB Design has been working to transform Engineering education in India from theoretical and practical teaching to the collaboration gives opportunities to develop the students, Teachers and industrialists. The main objective of learning the development process is to launch onto the production line and in the market.

About JITS Narsampet:

Jayamukhi Institute of Technological Sciences, Narsampet is sponsored by Jayamukhi Educational Society, Warangal. The Institute is approved

About ECE Department:

The Electronics and Communication Engineering (ECE) Department was started in the year 2001 and it is one of the well-established and largest departments in the institution since the inception. The department offers

About the Workshop:

Robotics is the art of making robots, machines combine concepts from multiple engineering disciplines. Join us to learn Robotics by practical building your own robot.

by AICTE and permanently affiliated to JNTU, Hyderabad. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years, it has developed as one of the premier Technical Institute in this part of the Telangana state. At present the institute offers 5 B. Tech courses in ECE, CSE, EEE, ME, CIVIL and M. Tech courses in CSE, SWE, VLSI, Embedded Systems, PSCA and CAD/CAM in addition to MBA, Pharmacy, B. Ed, D. Ed courses under the fold of the same society. B. Tech courses namely EEE& ECE are accredited by NBA, New Delhi. The institution is recognized under UGC 2(f) & 12(b) and also got an AUTONOMOUS state by the UGC among technical institutions of Telangana State in this part of the region.

The institute is spread over an area of 40 acres of green pastures in Narsampet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 latest computers with 3 IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased SNL 100 Mbps Internet Wi-Fi .

Undergraduate (B. Tech ECE) and Postgraduate (M. Tech Embedded Systems) & (M. Tech VLSI Design) Programs that provide students with the knowledge and tools they need to succeed in the Electronics and Communication Engineering. Currently the department offers four-year B. Tech course with student intake of 180. The department is accorded with NBA accreditation in the year 2009 and 2017 for 3 Years.

Our faculty brings state-of-the-art research, development, and design experience into the classroom, ensuring that our students and alumni are able to apply for registration as professional engineers and entrepreneurs in all part of global engineering and the scientific community. In all courses the Department has built an excellent reputation for its graduates in terms of placements.

The Department has grant in aids from various funding agencies for organizing FDPs, STTPs, MODROBs Schemes over 3 Years. The senior faculties of the department are executing TEQIP-III project under JNTU Hyderabad and also applied for DST projects. Texas Instruments University program sponsored two research Laboratories on the Internet of Things and Robotics. Students of the department are well placed in MNCs and other government sectors.

SIT Pune brings to you a fantastic week workshop for the students of Robotics & Build. Grasp the fundamental of Robotics via practical application. Participants will be certified after the successful completion of workshop! So, get set, register for this wonderful opportunity.

Resource Persons

Renowned academicians in this field are being invited to deliver lectures on special topics. Some of the eminent guest faculty members in this field are:

CIRCULAR

Date: 26-02-2018

The department of Electronics and Communication Engineering is organizing a one week workshop on "MACHINE LEARNING AND ITS APPLICATIONS" for IVth year students from 5th March 2018 to 9th March 2018. So all the IV ECE students has to attend this session in E-Classroom and hereby informed to utilize this opportunity.

HOD - ECE

Eligibility:

The program is open to the all students of Electronics & Communication Engineering courses at undergraduate and post graduate level are welcome.

Registration Details:

- Students 100/-
- Research Scholars 200/-

How to Register:

The participants may log on to the website: www.jits.in and fill up the application form selecting the name of the course you may also send scanned copy of your filled application form Application format may be downloaded from the website(also available in this Boucher) . you can pay the fee through **google/ phone pay: 9618336977**

About JITS Narsampet

Jayamukhi Institute of Technological Sciences, Narsampet Sponsored by the Jayamukhi Educational Society, the Jayamukhi Institute of Technological Sciences came into being in 2001 to provide quality and contemporary education with social relevance in the engineering faculty with an ultimate vision to maintain global standards in higher learning and research. The Institute has the approval of AICTE and recognized by the Government of Telangana. It is permanently affiliated to Jawaharlal Nehru Technological University (JNTU), Hyderabad, UGC Autonomous & accredited by NBA.

The Institute has come upon 40 acres of green pastures in Narsampet, about 30km away from the historic city of Warangal and presents a picturesque and panoramic view. JITS offers a four-year B.Tech. programme in the disciplines of CSE, ECE, EEE, CIVIL and ME.

Department of ECE

Department of Electronics and Communication Engineering has set vision "To be a premier department for education in Electronics and Communication Engineering in state of Telangana, moulding students into professional engineers". The department imparts state of the art education and encourages cutting edge research. It offers UG program, PG programs in VLSI and ES. Well equipped Laboratories have been facilitated for the Students, research Scholars and the 50 Lakhs of funds generated from AICTE under various schemes like MODROBS, FDPs, STTPs. Received TEQIP-III fund from JNTU Hyderabad.

Established two laboratories namely Internet of Things(IoT) and Robotics sponsored by Texas Instruments USA.

About the Workshop:

Machine learning is a subfield of artificial intelligence, which is broadly defined as the capability of a machine to imitate intelligent human behavior. Artificial intelligence systems are used to perform complex tasks in a way that is similar to how humans solve problems. Signal processing may be used to prepare data for machine learning algorithms (such as cleaning up the signal and extracting features for voice recognition), machine learning can be used to solve some complex signal processing problems (such as using machine learning for voice activity detection). Resource Persons

Renowned academicians in this field are being invited to deliver lectures on specialized topics. Some of the eminent guest faculties in this field are:

List The following list of resource Person:

1. Prof.K.Kishan Rao, Professor, SNIST, Hyderabad
2. Dr.T.Kishore Kumar, Professor ECE, NIT Warangal.
3. Dr.Ghanshyam Singh, Professor of ECE, JITS
4. Prof.M.Sushanth Babu, Professor of EC E, JITS
5. Prof.A.Janardhan, Professor of ECE, JITS

The department of Electronics Communication and Engineering is organizing a ONE WEEK WORKSHOP on “**Intenet Of Things**” for ECE -IV year students from 6th to 10th November 2017. This workshop enhance your technical skills in the field of Microcontrollers and ARM Controllers etc. For registration and further information contact S.K.Mastan, Assistant Professor, Dept.of ECE.

Co-ordinator's

HOD-ECE

Eligibility:

The program is open to the all students and Faculty members engaged in teaching Mechanical Engineering courses at under graduate and post graduate level are welcome.

TA, Boarding & Lodging Facilities:

All the participants will be provided working lunch, tea and snacks. No TA, Boarding and Lodging Facilities will be provided.

Registration Details:

- Students/IEEE Students 100/-

How to Register:

The participants may log on to the website: www.jits.in and fill up the application form selecting the name of the course you may also send scanned copy of your filled application form to eechod@jits.in or Dr.Mastan sheik.nglus2007@gmail.com Application format may be downloaded from the website (also available in this brochure)

<p>Jayamukhi Institute of Technological Sciences, Narsampet is sponsored by Jayamukhi Educational Society, Warangal. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years it has developed as one of the premier Technical Institute in this part of the state. At present the institute offers 5 B.Tech Courses in ECE, CSE, EEE, ME, CIVIL and M.Tech courses in CSE, SWE, VLSI, PSCA and CAD/CAM in addition to MBA, Pharmacy, B.Ed, D.Ed courses under the fold of the same society. The Institute affiliated to JNTU, Hyderabad. Four B.Tech courses namely CSE, ECE, EEE & IT are accredited by NBA AJCTE, New Delhi for period of three years with effect from 10-02-2009, which is a record in the history of technical institutions of T.S. Again three departments EEE, CSE, ECE was accredited by NBA for a period of three years.</p> <p>The institute is spread over an area of 40 acres of green pastures in Narsampet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 P-IV systems and with 2 IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL 1:1 8 Mbps Internet Wi-Fi Connectivity spread over the entire campus. The institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 200 technical Research papers in reputed National and International Journals.</p> <p>About Electronics & Communication Engineering Department The Electronics and Communication Engineering (ECE) Department was started in the year 2001 and it is one of the well-established and largest departments in the institution since the inception. The department offers Undergraduate (B. Tech ECE) and Postgraduate (M. Tech Embedded Systems) & (M. Tech VLSI Design) Programs that provide students with the knowledge and</p>	<p>The Applications in the prescribed form has to be tools they need to succeed in the Electronics and Communication Engineering. Currently the department offers four-year B. Tech course with student intake of 180. The department is accorded with NBA accreditation in the year 2009 and 2017 for 3 Years. Our faculty brings state-of-the-art research, development, and design experience into the classroom, ensuring that our students and alumni are able to apply for registration as professional engineers and entrepreneurs in all part of global engineering and the scientific community. In all courses the Department has built an excellent reputation for its graduates in terms of placements. The Department has grant in aids from various funding agencies for organizing FDPs, STTPs, MODROBs Schemes over 3 Years. The senior faculties of the department are executing TEQIP-III project under JNTU Hyderabad and also applied for DST projects. Texas Instruments University program sponsored two research Laboratories on the Internet of Things and Robotics. Students of the department are well placed in MNCs and other government sectors.</p> <p>About the Workshop: The Internet of Things (IoT) is expected to emerge as a huge business opportunity for the Indian IT industry in the years ahead. According to a Gartner Report, the global IoT industry would be worth USD 300 billion by 2020, with connected devices increasing to 2.7 billion by that year. India, it is projected, will have a 5-6 percent share of this industry. The expansion of IoT in the country is expected to be spurred by several developments. The proliferation of sensors, which will work with an ever growing number of intelligent systems and applications. The Indian Government's plan of developing 100 smart cities in the country, for which Rs, 7,060 core has been allocated in the current budget. The launch of the Digital India Program of the Government, which aims at transforming India into a digitally empowered society and knowledge economy.</p> <p>Resource Persons Renowned academicians in this field are being invited to deliver lectures on specialized topics. CIRCULAR

Date: 09-04-2018

The department of Electronics and Communication Engineering is organizing a ONE WEEK WORKSHOP on "Recent Advances in Neural Networks" for IVth year ECE students from 16-04-2018 to 20-04-2018. So all the IVth year ECE students has to attend this session in E-Classroom and hereby informed to utilize this opportunity.

Co-Ordinator

HOD-ECE

Eligibility:

The program is open to the all students of ECE Engineering courses at undergraduate and post graduate level are welcome.

TA, Boarding & Lodging Facilities:

All the participants will be provided working lunch, tea and snacks. No TA, Boarding and Lodging Facilities will be provided.

Registration Details:

- Students 100/-
- Research Scholars 200/-

How to Register:

The participants may log on to the website: www.jits.in and fill up the application form selecting the name of the course you may also send scanned copy of your filled application form Application format may be downloaded from the website(also available in this broucher) . you can pay the fee through **Google/ phone pay: 9885577504**(verification details: Sukumar)

About ECE DEPARTMENT

Electronics and Communication Engineering (ECE) is an emerging stream that offers firm promises to lend your career an edge. Studying this domain of engineering would mean **mastering the skills related to electrical engineering as well as having an insight into the world of computer software and hardware**

programmes sponsored by AICTE and many workshops, seminars and guest lectures for the benefits of Students and Faculty Members

About the Workshop:

The next industrial revolution is all about Artificial Intelligence, and it's happening now. soon it will change the world. This one day intensive workshop will broadly cover Manufacturing which have been maturing significantly over last decade and have now been identified by all major Defense, Power Generation, Aerospace, Agriculture and Automobile Agencies as key enabling technologies. The advantages are derived from the additional design capability gained that allows novel complex geometries with a little manufacturing cost. Hardware and components can be produced directly from the model with minimal tooling and reduced delivery times. Participants will be benefited with basic to advanced level development of technologies from the world renowned expert in this area.

Report of Workshop

Inaugural Session:

The inaugural session for Workshop program was held on **20th -25th august 2018** The president of the inaugural function **Prof.M.LokanadhaRao Principal, Jayamukhi Institute of Technological Sciences** has conducted the proceedings.

Sri T.V.R.N.Reddy, Joint Secretary, Jayamukhi Institute of Technological sciences has welcomed all the dignitaries, Heads of Departments of various faculties and participants. He has advised all the participants to take full advantage of this programme, to enhance their knowledge and effectively implement in their respective colleges and improve the quality of engineering education.

Prof.P.Rangaiah, Academic Director, Jayamukhi Institute of Technological Sciences has addressed the gathering and advised the participants to improve knowledge and technical skills for **“ENHANCEMENT OF SAP SOFTWARE FOR CIVIL ENGINEERS”** Its Research Confronts.

Technical Sessions:

Technical sessions were conducted by highly qualified and experienced resource persons from Reputed Institutions.

Mr.Shravan Kumar Project Manager, MS Tech IT Solutions has delivered lecture on significance of **“ENHANCEMENT OF SAP SOFTWARE FOR CIVIL ENGINEERS”**

GULAM SAMDHANI

ABOUT THE COURSE:

This course titled " E-TABS Complete Course: From Beginner to Pro" teaches you ETABS is a highly efficient analysis and design program developed especially for building systems. It is loaded with an integrated system with an ability to handle the largest and most complex building models and configurations.

The lecture focus on the real-time work-related concepts, issues, which is enhanced by the inputs of the instructor's practical experience. It Gives Knowledge to Civil Engineers, Entry or senior level, who wishes to streamline their existing knowledge to make a career in Structural planning for various building system.

COURSE CONTENTS:

- Complete knowledge of E-TABS.
- The software has powerful CAD-like drawing tools with a graphical and object- based interface.
- It increases the productivity of structural engineers.
- The course will help the candidates to acquire in-depth details about the different procedures and simplified analysis aspects of the design models.
- Export the designed data to excel for further calculations.

Do preliminary design of structural members.

Eligibility:

The program is for the faculty of AICTE approved Engineering Colleges teaching and doing research in Civil Engineering.

TA, Boarding & Lodging Facilities:

No TA, Boarding and Lodging Facilities will be provided to the out station participants in the college hostels. Local participants will be provided working lunch, tea and snacks along with other participants.

Resource Persons:

Date: 18-10-2017

The department of Electronics Communication and Engineering is organizing a ONE WEEK WORKSHOP on "DNA Sequence by applying Digital Image Processing" for 11th year students from 23rd October 2017 to 28th October 2017. So all the ECE students are hereby informed to utilize this opportunity

Coordinator

HOD - ECE

<p>Eligibility: The program is open to the all students and Faculty members engaged in teaching Electronics and Communication Engineering courses at undergraduate and post graduate level are welcome.</p> <p>TA, Boarding & Lodging Facilities: All the participants will be provided working lunch, tea and snacks. No TA, Boarding and Lodging Facilities will be provided.</p> <p>Registration Details:</p> <ul style="list-style-type: none"> • IEEE /ISTE Students Free Non • IEEE /ISTE Students 100/- • Research Scholars/ Faculty 200/- <p>How to Register: The participants may log on to the website www.jits.in and fill up the application form selecting the name of the course. You may also send scanned copy of your filled application form to gsyamainghi@gmail.com or eechod@jits.in. Application format may be downloaded from the website (also available in this brochure). You can pay the fee through Google/ phone pay: 9490377766.</p> <p>Address for Correspondence: Head of the Department Md.Hameed Pasha Dept of Electronics and Communication Engineering Jayamukhi Institute of Technological Sciences, Narsampet, (Dist): Warangal-506332. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years it has developed as one of the premier Technical Institute in this part of the state. At present the institute offers 5 B.Tech Courses in ECE, CSE, EEE, ME, CIVIL and M.Tech courses in CSE, SWE, VLSI, PSCA and CAD/CAM in addition to MBA, Pharmacy, B.Ed, D.Ed courses under the fold of the same society. The Institute affiliated to JNTU, Hyderabad. Four B.Tech courses namely CSE, ECE, EEE & IT are accredited by NBA, AICTE, New Delhi</p>	<p>Chief Patron: Sri Ch.Narsimha Reddy - President</p> <p>Patron: Sri Ch.Devender Reddy - Secretary Sri T.V.R.N.Reddy - Joint-Secretary</p> <p>Principal Dr.M.Lokanadha Rao</p> <p>Director Prof.P.Rangaiah, Head of Department Md.Hameed Pasha Associate Professor Electronics and Communication Engineering</p> <p>Co-ordinator: V.Madhukumar Associate Professor Electronics and Communication Engineering</p> <p>Coordinators: Ms. Zohkha Tabassum, Asst. <p>for period of three years with effect from 10-02-2009, which is the highest in the history of technical institutions of T.S. Again three departments EEE,CSE,ECE was accredited by NBA for a period of three years. The institute is spread over an area of 40 acres of green pastures in Narsampet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 P-IV systems and with:</p> <ol style="list-style-type: none"> 1. IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL 1:1 8 Mbps Internet Wi-Fi Connectivity spread over the entire campus. The institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 200 technical Research papers in reputed National and International Journals. <p>About the Department of Electronics and Communication Engineering The Electronics and Communication Engineering (ECE) Department was started in the year 2001 and it is one of the well established and largest departments in the institution since the inception. The department offers Undergraduate (B. Tech ECE) and Postgraduate (M. Tech Embedded Systems) & (M. Tech VLSI Design) Programs that provide students with the knowledge and tools they need to succeed in the Electronics and Communication Engineering. Currently the department offers four year B.Tech course with student intake of 180. The department is accorded with NBA accreditation in the year 2009 and 2017 for 3 Years. The Department has grant in aids from various funding agencies for organizing FDPs, STTPs, MODROB Schemes over 3 Years. The senior faculties of the department are executing TEQIP-III project under JNTU Hyderabad and also applied for DST projects. Texas Instruments University program sponsored two research Laboratories on the Internet of Things and Robotics. Students of the department are well placed in MNCs and other government sectors.</p>	<p>Schedule:</p> <ol style="list-style-type: none"> 1. Last date of receipt of applications: December 09th, 2017 2. Spot registrations allowed <p>The Applications in the prescribed form has to be reach coordinator either Email and/ or by hard copy.</p> <p>Programs sponsored by AICTE and many workshops, seminars and guest lectures for the benefits of Students and Faculty Members</p> <p>About the Workshop: Recently there are greater advances in bioinformatics and genomic signal processing. Digital Image Processing (DIP) applications in genomic sequence analysis have received great attention in recent years. New methods are being developed to analyze Deoxyribonucleic acid (DNA) sequences. In order to use DSP principles to analyze DNA sequences, the DNA sequences should be converted into numeric sequences. Then the DSP algorithms are used in DNA analysis. Discrete Fourier Transform (DFT), digital filtering, Discrete wavelet transform (DWT), Parametric modeling and entropy are some of the important DSP concepts used for DNA analysis. In this paper, we present a review of the DIP techniques used for DNA analysis. We have explained the required basics behind molecular biology. We have discussed about the applications of DIP in sequence analysis.</p> <p>Resource Persons Renowned academicians in this field are being invited to deliver lectures on specialized topics. Some of the eminent guest faculties in this field are:</p> <p>List of Resource Persons: 1. Mr. Dr. Ghanu Ram Singh Professor, of ECE, JITS 2. Dr. K. Kishan Rao, Professor, SNIST, Hyderabad 3. Dr. V. 1. Name of the workshop : DNA Sequence by applying Digital Image Processing
2. No. of students Participated : 65
3. No. of Resource persons : 1
4. No. days : 6 Days
5. Avg. Participation/ day : 55
6. Feedback collected : YES
7. Participation Certificate : Issued to all participants those who registered for the workshop
8. Exam on Workshop : Conducted

The above workshop conducted for the B.Tech second year students based on their feedback. Overall workshop is conducted successfully and all the students were gained knowledge in the field of DNA Sequence by applying Digital Image Processing.

CIRCULAR**Date:** 02-02-2018

The Department of Electrical and Electronics Engineering is organizing a One Week Workshop on “**Applications of Power Electronics Converter**” for B.Tech. IV-Year students of our department, in this connection class coordinators are requested to motivate the students to participate the workshop without fail from 12th to 16th February 2018. For further details contact **Mr.K.Sridevi, Assistant Professor, Department of EEE** and Coordinator for the workshop.

ABOUT JITS (Narsampet):

Jayamukhi Institute of Technological Sciences, Narsampet is sponsored by Jayamukhi Educational Society, Warangal. The Institute is approved by AICTE and permanently affiliated to JNTU, Hyderabad. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years, it has developed as one of the premier Technical Institute in this part of the Telangana state. At present the institute offers 5 B. Tech Courses in ECE, CSE, EEE, ME, CIVIL and M. Tech courses in CSE, SWE, VLSI, Embedded Systems, PSCA and CAD/CAM in addition to MBA, Pharmacy, B. Ed, D. Ed courses under the fold of the same society. B. Tech courses namely EEE&ECE are accredited by NBA, New Delhi. The institution is recognized under UGC 2(f) & 12(b) and also got an AUTONOMOUS state by the UGC among technical institutions of Telangana State in this part of the region.

The institute is spread over an area of 40 acres of green pastures in Narsampet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 latest computers with 3 IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL 100 Mbps Internet Wi-Fi Connectivity spread over the entire campus. The institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 300 technical Research papers in reputed National and International Journals.

ABOUT EEE DEPARTMENT:

The Department of Electrical & Electronics Engineering was established in the year 2002. The current intake in UG program is 120 and PG program M.Tech (PSCA) is 24. The department is Accredited by NBA, New Delhi. The department has dedicated and qualified faculty as per the norms of AICTE. The department has equipped with sophisticated laboratories. The department had already organized two AICTE sponsored two week FDP program entitled "Soft Computing Techniques in Electrical Engineering" in the year 2010 with a grant of 7 Lakh and another FDP entitled "Renewable Energy Sources - Integration to Power Systems" in the year 2013 with a grant of 4 Lakh.

➤ In this workshop first high power electronic devices were made using mercury-arc valves. In modern systems, the conversion is performed with semiconductor switching devices such as diodes, thyristors, and power transistors such as the power MOSFET and IGBT.

➤ An AC/DC converter (rectifier) is the most typical power electronics device found in many consumer electronic devices, e.g. television sets, personal computers, battery chargers, etc.

Resource Persons

Renowned academicians in this field are being invited to deliver lectures on specialized topics. Some of the eminent guest faculties in this field are:
