About JITS Narsampet:

Jayamukhi Institute of Technological Sciences, Narsampet is sponsored by Jayamukhi Educational Society, Warangal. The Institute is approved by AICTE and permanently affiliated to JNTU, Hyderabad. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years, it has developed as one of the premier Technical Institute in this part of the Telangana state. At present the institute offers 5 B. Tech Courses in ECE, CSE, EEE, ME, CIVIL and M. Tech courses in CSE, SWE, VLSI, Embedded Systems, PSCA and CAD/CAM in addition to MBA, Pharmacy, B. Ed, D. Ed courses under the fold of the same society. B. Tech courses namely EEE&ECE are accredited by NBA, New Delhi. The institution is recognized under UGC 2(f) & 12(b) and also got an AUTONOMOUS state by the UGC among technical institutions of Telangana State in this part of the region.

The institute is spread over an area of 40 acres of green pastures in Narsampet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 latest computers with 3 IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL 100 Mbps Internet Wi-Fi Connectivity spread over the entire campus. The institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 300 technical Research papers in reputed National and International Journals.

About ECE Department:

The Electronics and Communication Engineering (ECE) Department was started in the year 2001 and it is one of the well-established and largest departments in the institution since the inception. The department offers Undergraduate (B. Tech ECE) and Postgraduate (M. Tech Embedded Systems) & (M. Tech VLSI Design) Programs that provide students with the knowledge and tools they need to succeed in the Electronics and Communication Engineering. Currently the department offers four-year B. Tech course with student intake of 180. The department is accorded with NBA accreditation in the year 2009 and 2017 for 3 Years.

Our faculty brings state-of-the-art research, development, and design experience into the classroom, ensuring that our students and alumni are able to apply for registration as professional engineers and entrepreneurs in all part of global engineering and the scientific community. In all courses the Department has built an excellent reputation for its graduates in terms of placements.

The Department has grant in aids from various funding agencies for organizing FDPs, STTPs, MODROBs Schemes over 3 Years. The senior faculties of the department are executing TEQIP-III project under JNTU Hyderabad and also applied for DST projects. Texas Instruments University program sponsored two research Laboratories on the Internet of Things and Robotics. Students of the department are well placed in MNCs and other government sectors.

About the Workshop:

- In this Artificial Intelligence tutorial, will study AI Robots, Robotics and Artificial Intelligence. Also, will learn AI and Robotics components, AI Robot Locomotion.
- Along with this will study applications of AI Robot Artificial Intelligence Robot is aimed at manipulating the objects by perceiving, picking, moving, destroying it

About JITS Narsampet

Jayamukhi Institute of Technological Sciences, Narsampet Sponsored by the Jayamukhi Educational Society, the Jayamukhi Institute of Technological Sciences came into being in 2001 to provide quality and contemporary education with social relevance in the engineering faculty with an ultimate vision to maintain global standards in higher learning and research. The Institute has the approval of AICTE and recognized by the Government of Telangana. It is permanently affiliated to Jawaharlal Nehru Technological University (JNTU), Hyderabad, UGC Autonomous & accredited by NBA.

The Institute has come upon 40 acres of green pastures in Narsampet, about 30km away from the historic city of Warangal and presents a picturesque and panoramic view. JITS offers a four-year B.Tech. Programme in the disciplines of CSE, ECE, EEE, CIVIL and ME.

Department of ECE

Department of Electronics and Communication Engineering has set vision "To be a premier department for education in Electronics and Communication Engineering in state of Telangana, moulding students into professional engineers". The department imparts state of the art education and encourages cutting edge research. It offers UG program, PG programs in VLSI and ES. Well equipped Laboratories have been facilitated for the Students, research Scholars and the 50 Lakhs of funds generated from AICTE under various schemes like MODROBS, FDPs, STTPs. Received TEQIP-III fund from JNTU Hyderabad.

Established two laboratories namely Internet of Things(IoT) and Robotics sponsored by Texas Instruments USA.

About the Workshop:

Machine learning is a subfield of artificial intelligence, which is broadly defined as the capability of a machine to imitate intelligent human behavior. Artificial intelligence systems are used to perform complex tasks in a way that is similar to how humans solve problems. Signal processing may be used to prepare data for machine learning algorithms (such as cleaning up the signal and extracting features for voice recognition), machine learning can be used to solve some complex signal processing problems (such as using machine learning for voice activity detection). About JITS Narsampet:

Jayamukhi Institute of Technological Sciences, Narsampet is sponsored by Jayamukhi Educational Society, Warangal. The Institute is approved by AICTE and permanently affiliated to JNTU, Hyderabad. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years, it has developed as one of the premier Technical Institute in this part of the Telangana state. At present the institute offers 5 B. Tech Courses in ECE, CSE, EEE, ME, CIVIL and M. Tech courses in CSE, SWE, VLSI, Embedded Systems, PSCA and CAD/CAM in addition to MBA, Pharmacy, B. Ed, D. Ed courses under the fold of the same society. B. Tech courses namely EEE&ECE are accredited by NBA, New Delhi. The institution is recognized under UGC-2(f) & 12(b) and also got an AUTONOMOUS state by the UGC among technical institutions of Telangana State in this part of the region.

The institute is spread over an area of 40 acres of green pastures in Narsampet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 latest computers with 3 IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL 100 Mbps Internet Wi-Fi Connectivity spread over the entire campus. The institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 300 technical Research papers in reputed National and International Journals.

About E.E.E Department:

The Department of Electrical & Electronics Engineering was established in the year 2002. The current intake in UG program is 120 and PG program M.Tech (PSCA) is 24. The department is Accredited by NBA, New Delhi. The department has dedicated and qualified faculty as per the norms of AICTE. The department has equipped with sophisticated laboratories. The department had already organized two AICTE sponsored two week FDP program entitled "Soft Computing Techniques in Electrical Engineering" in the year 2010 with a grant of 7 Lakh and another FDP entitled "Renewable Energy Sources - Integration to Power Systems" in the year 2013 with a grant of 4 Lakh.

About the WORKSHOP:

- Power system stability is defined as the property of a power system that enables it to remain in a state of operating equilibrium under normal operating conditions and to regain an acceptable state of equilibrium after being subjected to a disturbance.
- Flexible and dynamic control of power systems are allowed through Flexible AC transmission system or FACTS. The investigation of FACTS devices for the enhancement of system stability has been done.

Resource Persons

Renowned academicians in this field are being invited to deliver lectures on specialized topics. Some of the eminent guest faculties in this field are:

List of Resource Persons:

1. Dr. P.Sadanandam
Professor – Electrical and Electronics Engineering Department, VCE, WGL.
2. Dr.A.Naraina

REPORT ON ONE WEEK WORKSHOP

A ONE WEEK WORKSHOP ON “**ENHANCEMENT OF SAP SOFTWARE FOR CIVIL ENGINEERS**” is organized by Department of Civil Engineering .The main aim of this workshop is students will get the hands-on with SAP Software. It is the only software which provides complete Structural details. This workshop aims the full range of Structural details, Construction processes, building services and Structural Drawings. The lecture focus on the real-time work-related concepts, issues, which is enhanced by the inputs of the instructor’s practical experience. It Gives Knowledge to Civil Engineers, Entry or senior level, who wishes to streamline their existing, knowledge to make a career in Structural planning for various building system.

COURSE CONTENTS

- ❖ Introduction to Recent Advances in software and Importance of SAP Software of Construction Techniques
- ❖ Recent Advances in Software of Construction Methods
- ❖ Recent Advances in software of Construction Materials
- ❖ Introduction in software of Construction Management
- ❖ Importance of Construction Engineering in Recent Scenario of Indian Market.
- ❖ Foundation Engineering and its application to Construction Engineering.

Report of Workshop

Inaugural Session:

The inaugural session for Workshop program was held on on **26th -31st August 2019**. The president of the inaugural function **Prof.M.Lokanadha Rao Principal, Jayamukhi Institute of Technological Sciences** has conducted the proceedings.

Sri T.V.R.N.Reddy, Joint Secretary, Jayamukhi Institute of Technological sciences has welcomed all the dignitaries, Heads of Departments of various faculties and participants. He has advised all the participants to take full advantage of this programme, to enhance their knowledge and effectively implement in their respective colleges and improve the quality of engineering education.

Prof.P.Rangaiah, Academic Director, Jayamukhi Institute of Technological Sciences has addressed the gathering and advised the participants to improve knowledge and technical skills for **“ENHANCEMENT OF SAP SOFTWARE FOR CIVIL ENGINEERS”** Its Research Confronts.

Technical Sessions :

Technical sessions were conducted by highly qualified and experienced resource persons from Reputed Institutions.

Er.Shravan Kumar Project Manager, MS Tech IT Solutions has delivered lecture on significance of **“ENHANCEMENT OF SAP SOFTWARE FOR CIVIL ENGINEERS”**

The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 13 years it has developed as one of the premier Technical Institute in this part of the state. At present the institute offers 5 B.Tech Courses in ECE, CSE, EEE, ME, CIVIL and M.Tech courses in CSE, SWE, VLSI, PSCA and CAD/CAM in addition to MBA, Pharmacy, B.Ed, D.Ed courses under the fold of the same society. The Institute affiliated to JNTU, Hyderabad. Four B.Tech courses namely CSE, ECE, EEE & IT are accredited by NBA, AICTE, New Delhi for period of 3 years with effect from 10-02-2009, which is a record in the history of technical institutions of T.S.</p> <p>The institute is spread over an area of 40 acres of green pastures in Narsampet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 P-IV systems and with 2 IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL 1:1 8 Mbps Internet Wi-Fi Connectivity spread over the entire campus. The institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 100 technical Research papers in reputed National and International Journals.</p> <p>About CIVIL DEPARTMENT The Department of Civil Engineering was established in the year 2013. The current intake in UG program is 120. The department has dedicated and qualified faculty as per the norms of AICTE. About JITS Narsimpet:
 Jayaramiah Institute of Technological Sciences, Narsimpet is sponsored by Jayaramiah Educational Society, Warangal. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CEI and IT with an intake of 40 each in the year 2001. In a short span of 10 years it has developed as one of the premier Technical Institute in this part of the state. At present the institute offers 3 B.Tech Courses in ECE, CSE, EEL, ME, CIVIL and M.Tech courses in CSE, SWL, VLSI, PSQA and CAD/CAM in addition to MBA, Pharmacy, B.ED, D.Ed courses under the fold of the same society. The Institute affiliated to JNTU, Hyderabad. Four B.Tech courses namely CSE, ECE, EEE, AIT are accredited by NBA, AICTE, New Delhi for a period of three years with effect from 10-02-2009, which is a record in the history of technical institutions of T.S. Again three departments (EEE, CSE, ECE) was accredited to NBA for a period of three years.

The Institute is spread over an area of 40 acres of green pastures in Narsimpet, about 35km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 P-IV systems alongwith 2 IBM servers and associated software, a fully fledged Training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL T1 & Mbit Internet W-Li Connectivity spread over the entire campus. The Institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 200 technical Research papers in reputed National and International Journals.

About Electronics and Communication Engineering Department
 The Electronics and communication Engineering laboratories are well Equipped with latest machinery and ATLEAD based softwares are provided in DSP lab. The centre has well qualified and experienced faculty. The dept of ECE is NBA Accredited.

About the Workshop:
 The next industrial revolution is all about Robotics fabrication, and it's happening now. Robotics is poised to unlock the potential in every person, system, organization, labor or it already manufacturing, manufacturing, since it will change the world. This one week intensive workshop will broadly cover Robotics and Design and fabrication of voice controlled robots which have been maturing significantly over last decade and have now been identified by all major Defense, Power Generation, Aerospace, Agriculture and Automobile Agencies as key enabling technologies. The advantages of robotics are derived from the additional design capability gained that allows novel complex geometries with a little additive manufacturing cost. Hardware/Software and components can be produced directly from the open source minimal tooling and reduced delivery times. Participants will be benefited with basic to advanced level development of Robotics technologies from the world renowned expert in this area.

Resource Persons
 Renowned academicians in this field are being invited to deliver lectures on specialized topics. Some of the eminent guest faculty in this field are:

1. Dr. Ravi Kumar Jatinb
 Associate Professor, Dept of ECE, N.I.T. Warangal
 B.E.E.C.E. Osmania University, Hyderabad
 M.Tech. (Electronic Instrumentation & Control Systems) J.N.T.U., Kakinada

CIRCULAR

Date: 13-01-2020

The department of Electronics and Communication Engineering is organizing a one week workshop on "DESIGN & FABRICATION OF PCB" for II year students from 20th January 2020 to 24th January 2020. So all the II ECE students has to attend this session in E-Classroom and hereby informed to utilize this opportunity.

A handwritten signature in black ink, appearing to be "Raj", is written over a horizontal line.

HOD - ECE

Eligibility:

The program is open to the all students of Electronics & Communication Engineering courses at undergraduate and post graduate level are welcome.

Registration Details:

- Students Free-
- Research Scholars Free

How to Register:

The participants may log on to the website: www.jits.in and fill up the application form selecting the name of the course you may also send scanned copy of your filled application form Application format may be downloaded from the website(also available in this Boucher) .

JAYAMUKHI

INSTITUTE OF TECHNOLOGICAL SCIENCES

About JITS Narsampet

Jayamukhi Institute of Technological Sciences, Narsampet Sponsored by the Jayamukhi Educational Society, the Jayamukhi Institute of Technological Sciences came into being in 2001 to provide quality and contemporary education with social relevance in the engineering faculty with an ultimate vision to maintain global standards in higher learning and research. The Institute has the approval of AICTE and recognized by the Government of Telangana. It is permanently affiliated to Jawaharlal Nehru Technological University (JNTU), Hyderabad, UGC Autonomous & accredited by NBA.

The Institute has come upon 40 acres of green pastures in Narsampet, about 30km away from the historic city of Warangal and presents a picturesque and panoramic view. JITS offers a four-year B.Tech. programme in the disciplines of CSE, ECE, EEE, CIVIL and ME.

Department of ECE

Department of Electronics and Communication Engineering has set vision "To be a premier department for education in Electronics and Communication Engineering in state of Telangana, moulding students into professional engineers". The department imparts state of the art education and encourages cutting edge research. It offers UG program, PG programs in VLSI and ES. Well equipped Laboratories have been facilitated for the Students, research Scholars and the 50 Lakhs of funds generated from AICTE under various

Established two laboratories namely Internet of Things(IoT) and Robotics sponsored by Texas Instruments USA.

About the Workshop:

The electronics and manufacturing industry with growth demands for skill set of the individual. With the competitive market, industrial needs and decreasing demand for work force, it is always advised to learn new things and have certain skill set under sleeves to work in industry. This course is designed to train students in Printed Circuit Board design, Drafting and Fabrication.

PCB manufacturing is the construction of your board design. This is a two-step process that begins with board fabrication and ends with printed circuit board assembly (PCBA).

About JITS Narasipet:

Jayamukti Institute of Technological Sciences, Narasipet is sponsored by Jayamukti Educational Society, Warangal. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years, it has developed as one of the premier Technical Institute in this part of the state. At present the Institute offers 5 B.Tech Courses in ECE, CSE, EEE, ME, CIVIL, and M.Tech courses in CSE, SWE, VLSI, PGCA and CAD/CAM, in addition to MBA, Pharmacy, B.Ed. DED courses under the fold of the same society. The Institute affiliated to JNTU, Hyderabad. Four B.Tech courses namely CSE, ECE, EEE & IT are accredited by NBA/AICTE, New Delhi for period of three years with effect from 10-07-2009, which is a record in the history of technical institutions of T.S. Again three departments, EEE, CSE, ECE, was accredited to NBA for a period of three years.

The Institute is spread over an area of 40 acres of green pastures 10 Narasipet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 P-IV systems and with 2 IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL 1:1 K Mbps Internet W-Fi Connectivity spread over the entire campus. The Institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 200 technical Research papers in reputed National and International Journals.

About MECHANICAL DEPARTMENT
The Mechanical Engineering Laboratories are well Equipped with latest machinery and ANSYS/MATLAB licensed softwares are provided in CAD/CAM lab. The Institute has well qualified and experienced faculty. The department has SAEINDIA Jayamukti College Club, under this club department has organized 2 FDP

programmes sponsored by AICTE and many workshops, seminars and guest lectures for the benefits of Students and Faculty Members

About the Workshop:

The next industrial revolution is all about personal fabrication, and it's happening now. 3D printing is poised to unlock the potential in every person to create, innovate and fabricate. It's already transforming manufacturing, soon it will change the world. This one day intensive workshop will broadly cover 3D printing and Additive Manufacturing (AM) which have been gaining significantly over last decade and have now been identified by all major Defense, Power Generation, Aerospace, Agriculture and Automobile Agencies as Key enabling technologies. The advantages of AM are derived from the additional design capability gained, it allows more complex geometries with a little additive manufacturing cost. Hardware and components can be produced directly from the CAD model with minimal tooling and reduced delivery times. Participants will be benefited with basic to advanced level development of AM technologies from the world renowned expert in this area.

Resource Persons

Renowned academicians in this field are being invited to deliver lectures on specialized topics. Some of the eminent guest faculties in this field are:

<p>About JITS Narsampet:</p> <p>Jayramakshi Institute of Technological Sciences, Narsampet is sponsored by Jayramakshi Educational Society, Warangal. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years it has developed as one of the premier Technical Institute in this part of the state. At present the Institute offers 5 B.Tech Courses in ECE, CSE, EEE, ME, CIVIL and M.Tech courses in CSE, SWE, VLSI, PSCA and CAD/CAM in addition to MBA, Pharmacy, B.Ed, DED courses under the fold of the same society. The Institute affiliated to JNTU, Hyderabad four B.Tech courses namely CSE, ECE, EEE & IT are accredited by NBA, AICTE, New Delhi for period of three years with effect from 10-02-2009, which is a record in the history of technical institutions of T.S. Again three departments EEE, CSE, ECE was accredited to NBA for a period of three years.</p> <p>The Institute is spread over an area of 40 acres of green pastures in Narsampet, about 10km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a Computer Centre with 1000 P-IV systems and with 2 IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNE 1:1 8 Mbps Internet Wi-Fi Connectivity spread over the entire campus. The Institute has well qualified and experienced teaching faculty. The faculty is active in research and published more than 200 technical Research papers in reputed National and International Journals.</p> <p>ABOUT MECHANICAL DEPARTMENT</p> <p>The Mechanical Engineering Laboratories are well Equipped with latest machinery and ANSYS/MATLAB licensed softwares are provided in CAD/CAM lab. The Institute has well qualified and experienced faculty. The department has SAEINDIA Jayramakshi Collegiate Club, under this club department has organized 2 FDP</p>	<p>Faculty Members</p> <p>About the Workshop:</p> <p>The next industrial revolution is all about personal fabrication, and it's happening now. 3D printing is poised to unlock the potential in every person/organization/inventor/fabricator. It's already transforming manufacturing, soon it will change the world. This one day intensive workshop will broadly cover 3D printing and Additive Manufacturing (AM) which have been maturing significantly over last decade and have now been identified by all major Defense, Power Generation, Aerospace, Agriculture and Automobile Agencies as key enabling technologies. The advantages of AM are derived from the additional design capability gained that allows novel complex geometries with a little additive manufacturing cost. Hardware and components can be produced directly from the CAD model with minimal tooling and reduced delivery times. Participants will be benefited with basic to advanced level development of AM technologies from the world renowned expert in this area.</p> <p>Resource Persons</p> <p>Renowned academicians in this field are being invited to deliver lectures on specialized topics. Some of the eminent guest faculties in this field are:</p> <p>List of Resource Person:</p> <p>1. Mr. Shrawan Kumar Design Engineer and MID FLASH MAKER, www.flashmaker.in</p>	<p>4. About JITS Narsampet:

Jayamukhi Institute of Technological Sciences, Narsampet is sponsored by Jayamukhi Educational Society, Warangal. The Institute started in a humble way with Three B.Tech. Courses namely ECE, CSE and IT with an intake of 60 each in the year 2001. In a short span of 19 years it has developed as one of the premier Technical Institute in this part of the state. At present the institute offers 5 B.Tech Courses in ECE, CSE, EEE, ME, CIVIL and M.Tech courses in CSE, SWE, VLSI, PSCA and CAD/CAM in addition to MBA, Pharmacy, B.Ed, D.Ed courses under the fold of the same society. The Institute affiliated to JNTU, Hyderabad. Four B.Tech courses namely CSE, ECE, EEE & IT are accredited by NBA AICTE, New Delhi for period of three years with effect from 10-02-2009, which is a record in the history of technical institutions of T.S. Again three departments EEE, CSE, ECE was accredited by NBA for a period of three years. The institute is spread over an area of 40 acres of green pastures in Narsampet, about 30km away from the historical city of Warangal and presents a picturesque and panoramic view. It has well developed laboratories in all disciplines, a

About the Department of Electronics and Communication Engineering

The Electronics and Communication Engineering (ECE) Department was started in the year 2001 and it is one of the well established and largest departments in the institution since the inception. The department offers Undergraduate (B. Tech ECE) and Postgraduate (M. Tech Embedded Systems) & (M. Tech VLSI Design) Programs that provide students with the knowledge and tools they need to succeed in the Electronics and Communication Engineering. Currently the department offers four year B.Tech course with student intake of 180. The department is accorded with NBA accreditation in the year 2009 and 2017 for 3 Years. The Department has grant in aids from various funding agencies for organizing FDPs, STTPs, MODROBs Schemes over 3 Years.

“ R.F. Design Using Latest CMOS Techniques ”

11Th – 16Th November 2019

About the Workshop:

state-of-the-art design approaches for low-voltage radio frequency (RF) and millimeter-wave (mm-wave) CMOS circuits. Effective design techniques at RF/mm-wave frequencies are described, including body biasing in fully depleted (FD) silicon-on-insulator (SOI) CMOS technologies and circuit topologies based on integrated reactive components (i.e., capacitors, inductors and transformers). The application of low-voltage design techniques is discussed for the main RF/mm-wave circuit blocks, i.e., low-noise amplifiers (LNAs), mixers and power amplifiers (PAs), highlighting the main design tradeoffs. A crucial role in RF/mm-wave, low-voltage operation is performed by the reactive components, especially inductive components (i.e., integrated inductors and transformers) that can be properly exploited to compensate for the limited voltage

2. IBM servers and associated software, a fully fledged training and Placement Cell, Educational Technology Cell, English Language Communication Skills Laboratory, a dedicated leased BSNL 1:1 8 Mbps Internet Wi-Fi Connectivity spread over the entire campus. The institute has well qualified and experienced teaching faculty.

The Department has grant in aids from various funding agencies for organizing FDPs, STTPs, MODROBs Schemes over 3 Years. The senior faculties of the department are executing TEQIP-III project under JNTU Hyderabad and also applied for DST projects. Texas Instruments University program sponsored two research Laboratories on the Internet of Things and Robotics. Students of the department are well placed in MNCs and other government sectors.

headroom. Another important contribution is also given by the body biasing approach, especially in fully depleted (FD) silicon-on-insulator (SOI) platforms [2], which further improves IC performance at low-voltage supply levels.

Course Module

Day 1

Introduction to low-voltage radio frequency (RF) and millimeter-wave (mm-wave).

Day 2

CMOS circuits. Effective design techniques at RF/mm-wave frequencies.

Day 3

including body biasing in fully depleted (FD) silicon-on-insulator (SOI) CMOS technologies and circuit topologies based on integrated reactive components.

Day 4

The application of low-voltage design techniques is discussed for the main RF/mm-wave circuit blocks, i.e., low-noise amplifiers.

Day 5

Important contribution is also given by the body biasing approach, especially in fully depleted (FD) silicon-on-insulator (SOI) platforms

Resource Persons

Renowned academicians in this field are being invited to deliver lectures on specialized topics. Some of the eminent guest faculties in this field are:
