

## Language and Communication Skills

The Advanced English language communication skills laboratory at Jayamukhi Institute of Technological Sciences was equipped with cutting-edge audiovisual technology to aid in the transmission of language skills and offer students with a platform to improve their English language skills. Students and staff members use the laboratory for a variety of self-improvement and soft skill development activities. This laboratory is excellent to students who struggle with the English language. In the language lab, students from rural areas who are often deficient in English can receive adequate language skills instruction. Its goal is to instill confidence in students so that they can engage and present in English.

The main Objectives of Language Laboratory are:

- To equip the students with good communication skills.
- To emphasize the need of English in the technical world.
- To prepare them for interviews and future job environments.
- To train the students in the art of conversation and discussion.
- To improve the fluency of students in English language and train students to use language appropriately for public speaking.
