

Soft skills:

The main aim of this program is improve employability skills of the students with the help of soft skill development program, students will be able to communicate more effectively. It also help to develop strong leadership qualities among students and help them to enhance their creative and critical thinking for any problem solving. Most of the topics covered in soft skills include self motivation, team work, time management, critical observation, conflict resolution, positive attitude etc.

- Computer skills are imparted through special courses intended to make student's tech friendly.
- The college has an MOU with TASK(Telangana Academy for Skills and Knowledge) & BYTEXL that helps students to develop their soft skills.
- The success of the students in various placement drives shows the output of this program.
- Our institution organises soft skill development programmes exclusively for III and IV B.Tech students with the help of all departments and the Training and Placement cell.
